

Great place to stay

The famous Dealu Mare region encapsulates the small town of Urlati and is home to a real gem. Conacul dintre Vii – translates to the Inn between the Vine – is a former manor house, which is now a 20 room boutique country hotel. Very much a hotel at one with nature, it provides a relaxing stay from which to see the surrounding wine region. Enjoy breakfast outside, next to the organic vegetable plots, and have homemade honey on bread.
